

Alden Industries, Inc.

Alden Industries, with operating subsidiaries in Texas and Kansas, is a leading manufacturer of commercial water heaters, boilers, and multi-fuel burners for use in various commercial, institutional, and industrial markets.

Alden competes on the basis of product differentiation, achieved through several patented designs that extend product life, increase energy efficiency, and reduce costs. Alden's products, especially its commercial water heaters, provide long-term property owners such as schools and hospitals with reduced overall cost of operation.

Prairie Capital provided mezzanine financing to support the recapitalization of Alden by its management team.

We are pleased to announce that

Prairie Capital III, L.P.

provided

\$5,000,000

in

Subordinated Debt

to support the management-led recapitalization of

Alden
