FCA Packaging Products, LLC

Founded in 1985 and headquartered in Moline, Illinois, FCA is a leading provider of custom-designed and expendable packaging products and related services to original equipment manufacturers.

FCA's manufacturing expertise, design capabilities, and low-cost labor force provide customers with a measurable value proposition, allowing them to outsource non-core functions at a cost savings while benefiting from improved quality and packaging expertise. FCA delivers its customized products and services on a just-in-time basis.

Prairie Capital partnered with Ancor Capital Partners and FCA's co-founder and president Jeff Campagna to complete the acquisition.
